I am a passionate and dedicated MERN stack developer with a strong foundation in web development. Currently pursuing my 3rd year at SPPU University and interning at GreenGenx, I have hands-on experience in building dynamic and responsive web applications. I am proficient in React.js, Node.js, Express.js, and MongoDB, with a keen interest in creating scalable and efficient solutions.

WORK EXPERIENCE

GreenGenX Digital Solutions Pune, India

January 2025 – February 2025

Web Developer

- As a Web Developer Intern at GreenGenX Digital Solutions, I developed a Resume Parser Web App that extracts and structures data from resumes.
- Using text processing techniques, the application efficiently parses key details such as names, contact information, skills, and experience, making it easier for recruiters to manage candidate information.

India Meteorological Department (Gov. Of India), Pune, India

July 2024 – December 2024

Research Intern

- As a Research Intern at the India Meteorological Department (IMD), I am actively involved in climate data analysis, extreme weather prediction.
- Data Preprocessing: Ensured high-quality datasets through data cleaning and preparation.

EDUCATION

Bharati Vidyapeeth's College of Engineering Lavale Pune, India

Nov 2022 – Expected June 2026

- Bachelor of Engineering – Computer Engineering (8.6/10)

S.R College Ghanasawangi, India

June 2020 – August 2022

- Higher Secondary School (XII'th, HSC) 74.50%
