CERTIFICATE

MERN Stack Development fundamentals

Great Learning

Full stack web development

Apna College

WORK EXPERIENCE

Indian Meteorological Department

Research Intern

June 2024 - December 2024

- Data Preprocessing: Ensured high-quality datasets through thorough data cleaning and preparation.
- Rainfall Prediction Models: Conducted Data Analysis for rainfall

Codsoft

C++ Developer

October 2023 - November 2023

- Implemented Specific task such as TIC-TAC-TOE GAME ,
- Debugged and optimized the code, reducing execution time by 20%.

EDUCATION

Bharati vidyapeeth college of engineering lavale pune

Bachelor of Engineering in Computer - 8.32

November 2022 - December 2026

PROJECT

ZERODHA CLONE

September 2024 - October 2024

- Developed a full-stack web application having the functionalities similar to Zerodha.
- Frontend : designed an intuitive user interface using React.js
- Backend : Built RESTful APIs using Node.js and Express.js to

Simple Weather App

August 2024 - August 2024

- Developed a Simple Weather App using React.js with Material-UI for a modern and polished design.
- Implemented Axios for API requests and managed application state effectively with React Hooks.
- Integrated the OpenWeatherMap API to display weather

Simple whatsapp messenger

July 2024 - July 2024

Technologies: Express.js, EJS, Node.js, MongoDB

Developed a real-time messaging application inspired by WhatsApp functionality using Express.js and Node.js. Designed and implemented a dynamic front-end interface using EJS templates for seamless user experience.

SKILLS

Programming Languages :

Java, C++, Python

Web Development :

HTML, CSS, Bootstrap, Tailwind Css, JavaScript, React.js, Express, Node.js

DATABASE:

MySQL, MongoDB

OTHER COURSEWORK: DSA using Java

LANGUAGE

Marathi, Hindi, English
